Dear Supporter:

Trinity Vision Global, Inc. is dedicated to making a local and global difference by providing resources and services to individuals, families, and citizens in the communities we serve. We provide self-management and empowerment skills throughout the community, while also feeding the homeless, supporting back-to-school events, and facilitating and participating in charity walks and events in our supported communities.

We are currently seeking donations for our **“Sponsor-A-Veteran Golf Tournament”**. This event will raise funds towards the business development of Trinity Vision Global, Inc. Thank you for considering donating to this worthy cause.

This project is aimed towards creating a HUB in our region for Veterans in transition. Oftentimes after transitioning from the military, many Veterans face challenges in obtaining assistance from available resources. This project will allow us to provide outside referrals for our Veterans as well as provide additional assistance for our clients from *within* our organization. Some of that assistance will come in the form of job preparation and placement; career development; social development; and other services that will make life easier for Veterans who face multiple challenges adjusting to life after military service. Our programs will also benefit those **preparing to** transition from the military. The information and guidance we provide them will assist them in understanding some of what to expect when they leave their military careers.

Trinity Vision Global, Inc. can only achieve its goals of providing resources and services to individuals and families with the assistance of generous donations from members of our community like you. We put much energy in our efforts of obtaining donations in our local community as well as outside our local community. We appreciate donations from all those with a heart and mind to give. We recognize that giving hearts are not just local. Without your donations, serving our area would be virtually impossible.

To show our gratitude for your care and compassion for those we serve, we are going to display your company name and logo as a sponsor on our material. Please email all logos to: [angie.eugene@trinityvisionglobal.com](mailto:angie.eugene@trinityvisionglobal.com). Thank you in advance for your time, care, and support. We look forward to working with you in making this dream a reality.

Sincerely,

Dr. Angie Eugene, Founder
